3rd January 2024

Dear team of CinEast,

As LUkraine asbl (R.C.S Luxembourg F 9.931) we would like to express our deepest gratitude for your donation and support of Ukraine.

Since the full scale invasion, 1671 fire trucks and 442 ambulances have been destroyed in Ukraine and the numbers are increasing daily. We've launched a worldwide fundraising campaign called "Ukraine is Calling" to help Ukrainian first responders save more lives. Our goal is to raise money for 112 rescue vehicles and to send them to Ukraine to those regions which need them the most.

We would like to reassure you that your donation of
12 800 Euro
has been duly received on the campaign's account LU88 0030 3148 6966 5000 on 20.12.2023.

This donation will cover fully the costs of one ambulance (already sent to Ukraine) and partially the costs of another ambulance (to be sent to Ukraine soon).

You may track our progress on ambulances and fire trucks procurement and transfer at
<https://ukraineiscalling.com/> or <https://ukrainians.lu/reports-results/>

We appreciate your involvement in social good and our life-saving project and thank you for helping LUkraine asbl in fulfilling our mission.

Yours sincerely,
President of LUkraine asbl
Nicolas Zharov
